Natural & Sustainable

## EVENTS LIST

January 2023

## ABOUT US

More Wine was created by Rich Hamblin, a Vintners Cup winning wine buyer.

More Wine is a specialist importer of low intervention, high quality wine with an unerring focus on sustainability, eco-friendly packaging and transport logistics. If you're not looking to age the wine you don't need to import the glass bottle!

More Wine stocks natural + sustainable wines in a range of BIB (Bag in Box) and pouch sizes and in our humble opinion the best can of sparkling wine in the UK, Quello!

## Les Vignerons d'Estézargues, Rhone, France

Les Vignerons D' Estézargues is a co-operative cellar in the small town of Estézargues which is located near Avignon. Les Vignerons D'Estézargues is truly unique in the wine world. They take a fundamentally different approach to most wine co-operatives; starting in 1995 the ten different growers in this co-op began to vinify their wine separately and make single cuvées from their best plots. On the heels of the single cuvée evolution Les Vignerons D' Estézargues began to practice natural winemaking. Possibly one of the only co-ops in the world to do so, Les Vignerons D' Estézargues uses no external yeasts, no filtering, no fining and no enzymes are employed on the grapes during the winemaking process.

*50% Grenache; 50% Syrah / Carignan. Purple, soft, juicy with blackberry and black pepper flavours. 14% ABV.*

### La Bodega de las Estrellas, Vino de la Tierra de Castilla, Spain

Literally - 'The Winery of the Stars', in Valdepenas with wines released under the IGP Tierra de Castilla. Specialists in fermenting and aging wines in vast (up to 5000 litre) centuries old clay amphorae (Tinajas) in huge purpose-built caves. Natural wines, certified organic by CAAE and vegan certified; very closely following the lunar calendar and biodynamic principles. No added sulphites, lab yeasts or any other artificial substances. Our oenological practices are unsophisticated but careful and exhaustive giving the right relevance to the direct and honest character of the wines.

These wines were available under the VinNaturo label in previous vintages. Great to have them back!

A blend of aromatic Airen and Macabeo which brings freshness + balanced acidity. Wild yeast fermentation in vast Tinajas and low 20mg/ litre added sulphites. A super easy bright light fresh white, with notes of ripe tropical fruits. 12% ABV.

# SPARKLING

We have a small range of sparkling wines to complement our BIB and pouch selection. You clearly don't want fizzy wine in your bag in box!

## Quello, Emilia Romagna, Italy

Quello's founder, Roberta Sergio, drew on her two decades of wine-making experience when she created Quello, a gently sparkling white wine from Italy, in single-serve, recyclable cans.

Produced in the Emilia-Romagna region of Italy, Quello is the result of Roberta's collaboration with one of the best consortia of Italian producers, who have been wine farming and wine making for over 60 years. The combination of first-class production methods, a deep understanding of grape blending and the latest laboratory research and analysis, ensures that Quello's taste and quality are exceptional.

Quello's 100% recyclable cans have set trends, induced giggles, raised eyebrows and enchanted free-spirited folk across the UK and beyond. No fuss. Just great sparkling wine, in a can!

More Wine has listed Quello from day 1. It is the perfect fizz to complement our sustainably packaged range of still wines.
